U.S. BANKRUPTCY COURT
SO DIST OF NEW YORK

The Honorable Shelley C. Chapman
United States Bankruptcy Court
Southern District of New York
One Bowling Green
New York, New York 10004
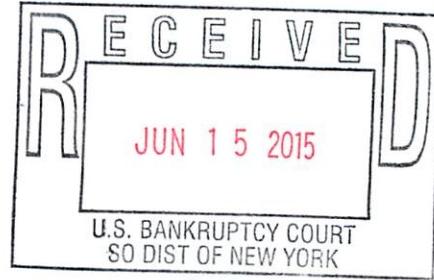

RE: In re NII Holdings, Inc., et al. Case No. 14-12611

Dear Judge Chapman:

BACKGROUND

My name is Jeffrey Scott Posner and I was, until June 6, 2014, Director of Product
Requirements and Testing at NII Holdings, Inc. I have no specific training in bankruptcy
law and am not represented by council.   I freely admit to having received from time to
time numerous mailings from the court or other parties to this case, I also must admit to
not completely understand their implications on my individual circumstance.

Only recently did I discover there is language in various documents related to this case that
suggest I might be entitled to post-bankruptcy payments in accordance with my severance
plan. In the severance plan, employees at my level and above are entitled to all bonus
payments related to the calendar/fiscal year 2014 even after leaving the company. These
payments were to accrue at the same payout rate as ongoing employees if ongoing
employees received their bonuses. This would have included the payments in the third and
fourth quarters of 2014 and a final payment in the first quarter of 2015 based on company
objectives rather than individual objectives. I also came to understand the date for filing
such a claim was December 23, 2014. On May 5, 2015 based on this information I filed a
claim via Primeclerk.com that was assigned claim number 335.

REQUEST

Given the complexity of the documents sent to my home; given the lack of "human
readable" translations of these highly specialized documents I hereby request the court to
honor my claim for the portion of my severance related to ongoing bonus payouts as
described above.

Thank you for taking the time to consider my concern and request.

Regards,
Jeffrey Scott Posner
